

KIDS REACH OUT: THE RIPPLE EFFECT

April 25, 2010

Dear Rebecca:

In developing **Kids Reach Out**, we set out to coax students toward growth as people and gained awareness of important environmental and social issues and how they can get involved. Partnering with The Mannis Foundation enabled us to bring the experience to a wider range of students and to fine-tune our activities and content for distinct learning styles. Your providing parents of participants with suggestions for ongoing enrichment, too, was a critical, follow-up part of the KRO process, thus we were so pleased that our approaches were aligned and complementary in these important ways.

Thank you for hosting the KRO "Disappearing Bee" program, for identifying additional children who could benefit from the program, and for your guidance in modifying the materials and activities to the needs of both gifted and twice-exceptional children.

Best regards,
Karyn Slutsky
Co-Founder/Kids Reach Out
